

Caring for someone sick at home with COVID-19

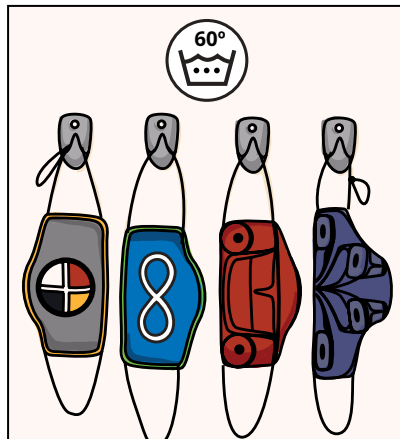

Max's grandma has COVID-19. She needs help. Max cares for her and is careful to not get sick. Grandma opens the window before Max comes into her room.

Max and Grandma both wear masks when together.

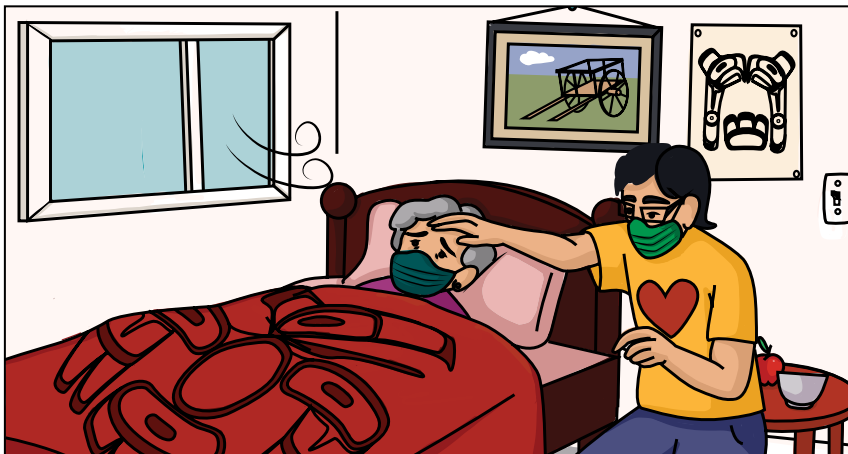

After helping Grandma, Max cleans his hands. He washes his hands after touching his mask.

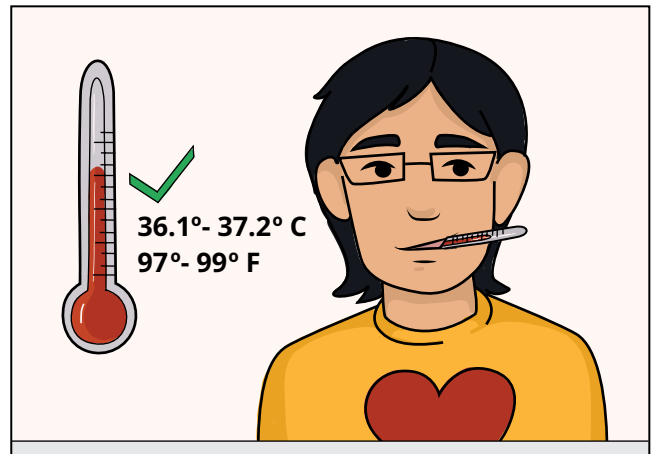

Max washes his cloth masks often. Paper masks are used once.

Max cleans objects he or Grandma touch.

Max checks on Grandma often. If she feels worse, they go to the hospital.

Max checks himself for COVID-19 symptoms every day. He stays home if he feels sick.
