Holders of Communicable Disease Control Manuals

Re: Update to Communicable Disease Control Manual, Chapter 6: Surveillance of Reportable Conditions

Chapter 6 – Surveillance of Reportable Conditions

Data Elements collected for Enteric, Zoonotic and Vectorborne Diseases.

‘Variables collected for provincial public health management and surveillance purposes for enteric, vectorborne, zoonotic and environmental reportable diseases’

The following sentence was revised as below:

In addition to the data elements common to all diseases (<http://www.bccdc.ca/Communicable-Disease-Control-Manual/Documents/Variables%20reported%20for%20all.docx>), the minimum dataset for enteric, vectorborne, zoonotic and environmental diseases includes ~~all variables in the case report forms. The variables required provincially include the data elements common to all diseases as well as the following subset of the minimum dataset~~ the following variables:

The revised document is attached and will be posted here: [EZVV Data Elements.pdf \(bccdc.ca\)](#)

If you have any questions or concerns, please contact Sharon Relova, Senior Practice Lead, BCCDC (telephone: 604 707 2453 / email: sharon.relova@bccdc.ca).

Sincerely,

Mayank Singal MD MPH CCFP FRCPC
