Re: Change to Communicable Disease Manual, Chapter 4 Tuberculosis – Revised TB Manual

There have been several changes made throughout the TB Manual. Most are semantic and there have been no significant changes to practice. Please replace the copy you have with the revised version (October 2010) which can be found at the following link:

If you have any questions or concerns about the TB Manual please contact the Field Operations Program at 604-707-2709.

Sincerely,

Dr. Kevin Elwood, Director, TB Control
