

COVID-19 Vaccine

Procurement of Epinephrine

Procurement of Epinephrine

Epinephrine is being provided through a federal contract. Details on procurement are as follows:

To order:

Please complete the epinephrine requisition order form (on following page 2).

- Fax the completed form to Vaccine and Pharmacy Services, BC Centre for Disease Control (BCCDC) at (604) 707-2583 by 1:00pm for same business day processing.
- Drug requisition order forms can be signed off by physicians, pharmacists, and nurse practitioners.
- All orders will be processed within 24 hours of receipt during regular business hours.

When receiving:

- Please note, transit time for shipments is typically 24 to 48 hours but may be extended in remote communities where secondary transport and schedules affect timelines.
- Please keep federally funded epinephrine **stock separated from privately procured stock** to restrict use for COVID-19 recipients only.
- The federally funded epinephrine will be labelled by the BCCDC Pharmacy to assist with this differentiation.
