PARENT / GUARDIAN / REPRESENTATIVE – For the vaccines listed below, check Yes or No, sign and date.

I understand the information in the HealthLinkBC File for the vaccines listed below. I understand the benefits and possible reactions for each vaccine and the risk of not getting immunized. I understand that in the rare occurrence of anaphylaxis, emergency treatment will be provided. I have had the opportunity to ask questions that were answered to my satisfaction. I understand this consent is valid for two years for the vaccine(s) listed below unless I cancel it.

Mature Minor Consent: Parents/guardians and representatives should make every effort to discuss the information in the HealthLinkBC File for the vaccines listed below with the child, and to involve the child as much as possible in the decision to provide consent to immunization. Although a child may be immunized with the consent of a parent/guardian or representative, a child is entitled to be informed about immunization and may provide consent to immunization if the person administering the vaccine(s) is sure that the child understands the benefits of, and possible reactions to, each vaccine, and the risk of not getting immunized.
