<b>Tdap</b> (tetanus, diphtheria, pertussis) 1. HealthLinkBC File # <a href="#">18c</a> 2. Product Monograph <a href="#">Adacel</a> / <a href="#">Boostrix</a>		 1 dose

† The HPV vaccine is being offered to boys in grade 6 for the first time starting in September 2017.

‡ Children who had chickenpox or shingles disease, diagnosed by a health care provider, at 1 year of age or older do not need the chickenpox vaccine. Children who received a single dose of chickenpox vaccine at a younger age only need 1 dose in grade 6. Children who have never received the chickenpox vaccine need 2 doses.
