Notes

1. Data source: Provincial Health Services Authority, BC Ministry of Health.
2. Excludes residents that were symptomatic or recently have had COVID-19.
3. Includes other residents that were co-located and vaccinated in the same facility eg independent living.
4. A coverage rate below 100% may be attributable to:
 - Residents declining vaccination
 - Residents not being on site at the time of the facility vaccination clinic
 - Residents unable to receive vaccination for medical reasons

*This list excludes co-located Long Term Care and Assisted Living facilities. See the Long Term Care list for co-located facilities
